

Reflections from the Chair

2011

It's been another busy year at FHS. Mrs Watson along with her strong team of teachers, teacher aides, and the administration and property teams have ensured our children have enjoyed the best learning environment again this year.

The board has received many presentations from Mrs Watson during the year confirming to us that the school is continuously achieving high levels in numeracy and literacy. We as a board believe this is due to the great team of teachers and also due to you as parents taking an active interest in your children's education.

Christmas in the Glade 2011

You may be aware that the new FHS Strategic Plan has

recently been out for consultation and the feedback from parents has been valuable to ensure all interests are included in the plan for the schools future.

The school roll has grown rapidly, and we have constructed 3 new classrooms which are a great asset to the school. The landscaping will be completed soon, making the area another attractive part of the school.

Further modernisation of 8 classrooms will be completed by the end of January and the new Dental Clinic currently under construction will be completed in March.

I look back and feel very assured and pleased to reflect on what has been a highly progressive year for the school for the benefit of all students.

On behalf of the FHS Board of Trustees I would like to wish you all a safe and enjoyable Christmas holiday.

Paul Culley BOT Chairperson
