

# Say Goodbye To The King Of Pop

By Sophia And Gabrielle

People around the whole world are mourning the death of major pop star, Michael Jackson. It is reported that he died of a heart attack. It seems that prescription drugs, or the stress of his new tour that he was doing, caused the heart attack which caused his life to end. His

rise to fame came when he was eight years old, and was in a band with his brothers called the Jackson Five. Over the years he grew to become one of the most successful and popular solo artists of all time. As you probably know Michael was a big believer of plastic surgery. To the right is a picture of him before his plastic surgery. And to the left

is a picture of him after his plastic surgery.

As you can see there is an enormous difference between the pictures. People everywhere are selling merchandise such as flags, bracelets and t-shirts that all say something like “The Thrill Is Gone” (because of his song “thriller” which was one of his most popular songs), or “MJ 1958-2009 R.I. P.” or “In Memory Of Michael Jackson”.

Michael Jackson had many famous dance moves but the most famous was probably the moonwalk. Michael Jackson has a new album coming out that he recorded just before he died.

But now you will have to say goodbye to one of the greatest singers in the whole world ...

**MICHAEL JACKSON,  
THE KING OF POP.**
